TO BRIDGE BUILDERS. THE LaCrosse & Milwaukee Railroad Co. invite proposals, with plans and specifications, until Wednesday noon, Oct. 15th next, for building a bridge over the Wisconsin river, on the line of their road. This road extends in a north westerly direction across the State, from Milwaukee, on Lake Michigan, to La Crosse, on the Mississippi River, crossing the Wisconsin River at Kilbourn City, in Columbia County. The river, at this point runs in a rock bed, the banks of which are vertical rock bluffs to the height of 80 feet above the water, at which point the ... are at the grade of the line of the road, and about 300 feet apart. The water is about 20 feet deep, having, in the middle of the stream, a few feet of sand overlaying the rock bottom. It is proposed to erect two piers about 80 feet from either bank, at which the water is about 5 feet deep at low water, with a clean rock bottom, giving a span in the middle of 300 feet, and two short spans at the ends, resting upon the natural rock as abutments. It is desirable so to construct the bridge as to give a wagon way below the R. R. track, passing the latter over the higher section of the bridge. The Company reserve the right to award the contract to any parties, on any plan furnished, but in case of their giving the contract to any bidder on any plan furnished by any other person, they will pay to the person furnishing such plan the sum of FIVE HUNDRED DOLLARS in full consideration of the plans and specifications so adopted. Meeting To-Night!

There will be a gathering to-night at the Rocky Mountain Camp, on Spring Street, to bid God Speed to the Wisconsin Relief Company, who leave here this evening, for Kansas. They go, as did our Pilgrim fore-fathers, to plant Civil and Religious Liberty in the Western Wilderness.— Let every friend of Freedom in Kansas be on hand to-night to cheer them with their sympathy, counsel and encouragement.

We learn that twenty of the company reported themselves at the Secretary's Office on Saturday. If any of our citizens have blankets, clothing, or arms to spare, they cannot make a better disposition of them than to give them to these Kansas Emigrants. Any offering of the sort may be left to-day at the Kansas Aid Society Rooms, or brought to the meeting *this* evening. Be on hand *early!*

The Mass Meeting in October.

We are authorized to say that the Milwaukee and Watertown, as well as the Milwaukee & Mississippi R. R. Company, will sell tickets to the great Mass Meeting in this City on the 2nd of October, at *half-fare*. We presume that all the other Rail Roads will pursue the same liberal course. The gathering will be a grand one.

The Startling Disclosures at Madison

The report of the Investigating Committee, revealing the extent and enormity of the malpractices of the late BARSTOW dynasty and exhibiting a frightful *deficit* in the Treasury and School Fund, must, we think, fall like a thunderclap even upon those who were prepared to believe almost anything of the robberies and rascalities of the notorious "Forty." We shall lay the document before our readers as soon as we can make room for it. Meantime we copy from Friday's *State Journal* a portion of the evidence taken by the Committee and invite our readers to contemplate seriously the picture there presented of our late Democratic rulers. Shall these men ever be trusted with power again in Wisconsin?

HOME AGAIN.—Mr. BILLINGHURST, our faithful and industrious representative from the Third Congressional District of this State, arrived here Saturday on his way home; having been detained for some days in Rochester by an attack of chills and fever, from which he has now recovered. Mr. BILLINGHURST is hopeful and confident of a glorious result in November, and will do his part towards swelling the Fremont majority in his District. His constituents will gladly welcome back among them their true and tried Representative, and are no doubt fully prepared to give him the well-earned meed of a triumphant re-election.

JUDGE DOOLITTLE.—This able champion of true Democracy leaves our State for the East to-morrow, will speak at Chicago Wednesday evening, at Buffalo on Friday or Saturday, and at other points in New York and Pennsylvania as occasion serves. He desires especially to talk to his brother Democrats, and to satisfy them that the true course of every honest patriot is to vote for JOHN C. FREMONT.

MAINE ELECTION.—Returns from 314 towns in the Pine tree State give the following result on Governor: HAMLIN (Fremont) 59,955, WELLS (Buchanan) 36,911; and PATTEN (Fillmore) 5200. Hamlin and Wells 22,844! and over all 17,644! We call that an extinguisher. It exceeds anything we know of in political annals.

VERMONT ELECTION.—All but 29 small towns in Vermont show the following vote on Governor. FLETCHER (Fremont) 32,020; KEYES, (Buchanan) 10,892. Fletcher's majority 21,128.— The towns to be heard from will make it full TWENTY-THREE THOUSAND! That's the way they make FREMONT majorities this year. It will be seen that the Republican vote is more than *three-fold* that of the Border Ruffian Democracy.

How can They Do It?

Here and there we find a Democratic editor, who abhors the shameful conduct of President Pierce relative to Kansas. Such a one is the editor of the Watertown *Democrat*. He says:

We regard the whole conduct of President Pierce relative to Kansas as wrong in principle and detail, and it has contributed more to the overthrow of his popularity than anything else. We have the best reason to hope for better things from his successor, Mr. Buchanan, whose entire life is a standing pledge that honesty and justice will be his guide in all his acts.

And yet President Pierce said of the nomination of Mr. Buchanan, and Douglas confirmed it:

"I congratulate you that your choice has fallen on a man who stands on the IDENTICAL PLATFORM THAT I OCCUPY, and that he will take the SAME with the standard lowered never an inch."

THE FREMONT & DAYTON MEETING ON FRIDAY NIGHT.

The meeting on the occasion of the opening of the Fremont Camp House on Friday night, in its numbers, its admirable arrangements, the enthusiasm of the people, and the eloquence of the speakers, deserves a fuller notice than we were able to give on Saturday morning. Such notice as we can now make room for, we proceed to give.

We neglected to give the credit which is due to Mr. LANE, who painted portraits of our candidates as a present to the Clubs, and to Messrs J. KNEELAND, J. OGDEN, and J. H. TESCH, the Committee of the 4th Ward Club, under whose superintendence the building was erected.

The meeting was called to order by E. D. HOLTON, Esq., in the absence of Mr. MITCHELL, Pres't of the City Club. Mr. HOLTON, in a brief but pointed and eloquent address, declared the good objects for which the building was erected, and dedicated it to the cause of FREEDOM and FREMONT.

Mr. DIEDRICH, President of the German Fremont Club, then introduced Dr. LUDWIG, of Baltimore who after a few remarks in English, thanking the ladies for their presence on the occasion, and pointing to fact that the eyes of the oppessed nations of Europe were upon us in the struggle now going on between Freedom and Slavery, and that if the cause of Freedom to all, without distinction of birthplace or faith should prevail, tyrants would tremble on their thrones, proceeded in German from about half an hour, his address being delivered with hearty zeal and earnestness, and eliciting full rounds of *bravos* from the large numbers of his countrymen present.

Music by the band in the gallery followed, and then ALBERT SMITH, Esq., one of the "old line whigs" who always stands true to Freedom now, as he did in Congress long ago, with a few preliminary remarks, introduced to the audience, Judge DOOLITTLE of Racine, who was received with prolonged cheers.

Judge DOOLITTLE commenced his address by remarking upon the fact that the people of all parties were once more, in the pending contest, uniting for a principle, without regard to past political feelings. No Whig was called upon to renounce a single principle for which he had ever contended—no true Democrat was required to filter from what he deemed his duty according to conscience—no Abolitionist was asked to forget his principles, in this contest—all could meet together on common ground for the common good. The true Democratic Republican party never dies—it is as eternal as the mind of man. The true republican party in the Revolution were the Whigs—their opponents being the Tories. After the Revolution, Washington being President, parties slept quietly. Then came the re-organization of parties in Jefferson's time, carrying him into the Executive Chair. Judge D. proceeded with a graphic sketch of the change and fusion of parties down to the present time, illustrating the fact that large bodies of the intelligent people were always in reserve to disregard old party lines, and cast their votes for new men, at the call of patriotism and conscience.

He said that the *true* Democratic party does not consist in a name, or in a solid organization at all. There were no caucusses to rule in the days of the Revolution. Jefferson opposed Adams on account of the Alien and Sedition Law, and went into into power without caucuses.— Jackson came up as the people's candidate, and overthrew all the caucusses. So Harrison, and so Taylor, were elected against the so-called democratic caucusses, by the uprising of the people.

Judge DOOLITTLE proceeded to exhibit the manner in which the caucusses managed and ruled the Cincinnati Convention, so as to continue the same kind of men in power. He sketched rapidly the antecedents of Mr. Buchanan and of Col. Fremont, making excellent points, which were fully appreciated by the audience. He hit right and left at the Know-Nothing Whigs of the South, and the men of large names and abilities at the North, whose principles did not keep pace with the enlightened consciences of the People.

He said that some people charge the democrats who are in this movement, with going with the Abolitionists. "Thank God!" said he, "we are not with the BORDER RUFFIANS! and if we do go with some men of extreme views, they are extreme on the side of Liberty, and not of Slavery."

He proceeded to glance rapidly at the successive uprisings of the people of this country, which could not be withstood, but overwhelmed all opponents; neither could the politicians stand against *this* uprising of a justly indignant people.

As to Mr. Fillmore and the Know Nothings, he had entertained a high respect for Mr. Fillmore as a man and a politician, but they took a ground on the great issue—aside from their peculiar idiosyncracy of nativism—which justified the South in rebellion, if they were defeated.

Judge DOOLITTLE sketched admirably the strong points in Col. Fremont's character and history—showing him to be emphatically the MAN FOR THE TIME. He scored unmercifully the promoters of the repeal of the Missouri Compromise. He had acquiesced in the settlement of 1850, as an end of Slavery agitation, and had advocated the election of Mr. Pierce. *Now*, that settlement is broken down, and Slavery is pouring into the Territories. There is but one single question before the people—"SHALL WE ADMIT SLAVERY INTO THE POSSESSION OF THOSE TERRITORIES! Shall Kansas be the domain, the home of free white men, or shall it be devoted to Slavery? That is the issue.

He proceeded to show the steps which the Administration has taken to support the movement of the Slave power in Kansas, and his facts, arguments, and his burning denunciations of the conduct of President Pierce and his apologists in this respect, fairly brought such of the audience to their feet as were not already standing. Said he, warming with his subject, "I declare before high Heaven, and in the presence of GOD, that I would not support such men, *if the grave would open before me the next hour!*" The whole audience here broke into a storm of tremendous applause, lasting for some moments.

Judge DOOLITTLE closed with an eloquent appeal to all true democrats, and all the people, to move in solid phalanx to bring about the only kind of reform which would be effectual in the case. If Kansas is to be free—and if those infernal laws are to be abrogated, it must be done, not by an appeal to arms, but by an appeal to THE BALLOT-BOX IN NOVEMBER NEXT. There the work must be done!

Tremendous cheers from the whole audience responded to the admirable address, which we have very feebly sketched, and nine cheers were given in succession, three for Fremont and Dayton, three for Doolittle, and three for Judge Potter, our candidate for Congress.

With singing by No. 1's Glee Club, the crowd joining in the chorus, this great meeting broke up in fine spirits. It was a grand, good time!

Dr. LUDWIG will proceed to labor effectively among his countrymen in this State. Judge DOOLITTLE speaks in Chicago Monday night, and goes thence to Buffalo, New York and Philadelphia, and elsewhere, wherever he can reach the ears and hearts of his fellow-democrats. He is enlisted for the campaign.

ABOUT THE ELECTIONS.—It is said that Vermont has given 20,000 majority for free soil.— Black Republican news—a large story, from which large deductions must be made bye and bye—put it down at 8,000.

The Fremonters are having the ague over their prospects in Maine.—*Stevens Pt. Pinery.*

Instead of "making deductions," we must *add* to the first reported majority in Vermont. It is at least *twenty-two thousand*. As for our "prospects in Maine," they are pretty comfortable, thank you. Only twenty-odd thousand majority for Governor, the entire Congressional Delegation, all but one of the State Senators and four-fifths of the representatives. That ought to satisfy reasonable people, and we trust it will our friends of the *Pinery*.

Jefferson County Awake for Freedom—County Mass Meeting!

JEFFERSON, Sept. 12.

MESSRS. EDITORS:—Yesterday was a glorious day for the friends of Freedom in Jefferson. Although the notice of our meeting was not extensively circulated, yet we had the largest political gathering ever held in the county. Throughout the forenoon large delegations poured into our village from almost every direction, led on by bands of music, and with elegant banners bearing mottoes appropriate and indicative of the feeling which now pervades the masses.

A delegation from Watertown, containing a respectable number of Germans, bore upon one of their banners, both in the English and German languages, the words "Free Labor—the only safeguard of our institutions." Among the other mottoes were—"Free Speech in the Senate," "We'll send a Threshing Machine to Wheatland," "Turn out Western Hunters, Fremont runs down a *Buck* in November," "No more Slave States," "Freedom and the Constitution," "Kansas must be Free," "The Ladies—God bless them!—they are with us."

The Convention was organized by choosing JESTUS CARPENTER, of Palmyra, President, and G. S. SMITH, of Oakland, and J. M. BINGHAM, of Palmyra, Secretaries.

A splendid Flag, bearing the inscription—"FREMONT and FREEDOM," was formally presented to the Jefferson Fremont and Dayton Club, by the ladies of Jefferson, after which Hon. L. P. HARVEY, of Rock county, was introduced to the audience, and made a telling speech. He was followed by Messrs. SCHURZ and BARNHARD, of Watertown, who spoke a short time from the main stand in German—after which the speaking was continued in German from the steps of the Court House, and the masses were again addressed in English from the main stand by Hon. JOHN E. HOLMES, of this village, CHAS. E. WILLIAMS, Esq., of Janesville, and THURLOW W. BROWN, Esq., of this county.

The speaking was interspersed with music from six different brass bands upon the ground, and several excellent songs were sung by the Lake Mills Fremont and Dayton Glee Club.

Jefferson County is becoming thoroughly awake in the cause of Fremont and Freedom. A very respectable portion of our German citizens who have heretofore acted in solid phalanx with the present Border Ruffian party, are now opposing the Pro-Slavery measures of Pierce, Buchanan & Co., and enrolling themselves in the ranks of Free Soil and Fremont.

Our friends throughout the State may expect to hear a good report from us in November.

Last year Jefferson County gave Bashford 188 majority. We shall give Fremont at the next election more than double that number. Two years ago our county gave a majority of 58 against Billinghurst. Yesterday our Convention passed a resolution heartily approving of his course in Congress, and in favor of his re-nomination. If he is a candidate this fall he may safely calculate on 400 majority in this county.

The number in attendance yesterday was variously estimated at from 4 to 7,000.

The meeting adjourned to meet at the city of Watertown on the 9th of October next.

The outraged Freemen in Kansas found sympathy in every heart, and the infamy and corruption of the present Administration, embodied in the Cincinnati Platform, received condemnation at every hand.

The speaking was continued till nearly sundown. In the evening Mr. WILLIAMS, of Janesville, addressed a meeting at the Unitarian Church in our village.

A respectable delegation from Milton—the banner town of Rock County—was also in attendance. The best of feeling prevailed throughout the day.

Yours, &c., J. F.

Archaeology of Wisconsin.

The 8th volume of the Smithsonian Contributions to Knowledge, just published, contains a memoir by S. F. Haven, the librarian of the American Antiquarian Society, on the Archaeology of the United States, from which we make the following extract relating to Wisconsin:

The region between Lake Michigan and the Mississippi, now constituting the State of Wisconsin, is marked by no sudden elevation of the surface. The hills are seldom more than gentle swells or undulations of land; the highest ridges being those that separate the rivers which run into Lake Superior from those that flow into the Mississippi. At certain points the waters of opposite streams sometimes mingle at high floods, and the portages are always short and easy. In general the flow of the rivers is even and sluggish, expanding, especially on the eastern side of the State, into a profusion of shallow basins, or former lakes of larger dimensions. Yet springing from cold and limpid fountains, they are free from miasma, and exuberant with wholesome animal life. The fishes are of the finest flavor, and the wild rice that chokes the shallower and lines the borders of the deeper waters, affords subsistence to myriads of aquatic birds and beasts, that fatten upon the abundance of nutritious aliment. Even the most wet and marshy districts are said not to be productive of fogs or humid exhalations. The air is clear, dry and healthful; the climate milder than that of the interior of New York; both summer and winter are tempered by the vicinity of the lakes, and the season and the soil are favorable to vegetation.

It may be assumed, therefore, that the seat of the remarkable earthworks (representing lizards, turtles, birds, bears, foxes, men, &c.) is well adapted to the support of a numerous population, supplying as it does the means of savage comfort, and even luxury, without the necessity of laborious exertion. A nation so located, sheltered on three sides by great bodies of water, and favored with such facilities for interior communication, we might expect to find maintaining its independence, and cultivating arts or founding institutions which would leave numerous and distinguishable traces behind them. Yet, the emblematic monuments excepted, no prominent relics have been discovered. The remains of protective and of ceremonial enclosures, the usual evidence of stationary population, are almost entirely wanting, and only the mounds of more recent date appear to contain the ornaments and utensils so commonly placed in the graves of the aborigines.

Another circumstance of antiquarian interest is connected with the territory bounding on Lake Superior. The copper mines, that have recently attracted so much attention, are supposed to have been wrought at some distant period by the natives. It has been conjectured that they were the source of supplies to the aboriginal population of the country north of the Gulf of Mexico; and that remote tribes were accustomed to send deputations to these localities, or obtain the metal by traffic with natives nearer the mines. Mr. Schoolcraft has suggested that the region may have been consecrated to neutrality like that of the celebrated pipe-stone quarries, and that parties of different tribes, thus secured from molestation, may have assembled there at certain seasons to secure their supplies of ore.

The territory south of Lake Superior, which includes the State of Wisconsin and a small portion of Michigan, certainly possesses no little archaeological interest. Its striking physical features are associated with many early incidents of romantic adventure; it is the seat of mineral treasures towards which the desire of a whole continent of barbarous tribes might converge, and may have been rendered sacred by that circumstance; and, moreover, its aboriginal monuments are anomalous and strange, appearing not so much like structures for any sacred or civil purpose as like hieroglyphic or symbolic characters. If, instead of being clustered on the surface of the ground, they had been drawn on rocks and stones, efforts would be made to read them as records. They would derive a superior interest from the supposition that they are, as has been suggested, the "totems" of tribes, perhaps memorials of amity and alliance, written upon the ground where adverse nations were accustomed to meet in peace. It must be confessed that pictorial writing on so immense a scale, with a sovereign state for a tablet, is a phenomenon unparalleled in monumental history.

The great horizontal dimensions of these effigies, raised but a few feet above the surface of the ground, was doubtless the reason why they failed to arrest the attention of travellers at an period, their forms being always perceptible from a single view, and sometimes only developed by the measurements of the surveyor.

These works are fully described in an elaborate memoir by Mr. I. A. LAPHAM, published in the Smithsonian Contributions to Knowledge in 1855.

"From all the official reports connected with these funds (School and University) no evidence exists that a dollar has ever been lost or squandered, whatever may have been the suspicions or charges to the contrary."—*Barstow's Message of last winter*

E. H. Janssen's statement.—There is now money due from Walter H. Besley, that was overdrawn by him, to the amount of eight or nine hundred dollars. The Legislature made no provision in 1855 for the payment of the clerks in the School Land Office. The Secretary of State and the Attorney General, Geo. B. Smith, authorized Mr. Besley, Chief Clerk of School Land Office, to draw money from the Treasury to pay the clerks. He did so, and overdrew eight or nine hundred dollars. Mr. Besley was requested by me to refund the amount. He said it was right, and he would make it all right. The Secretary of State and Attorney General requested Mr. Seaver, the Assistant Treasurer, in my absence, to pay the drafts of Mr. Besley to the amount which the clerks were entitled to; that is, their regular pay was charged on the books and was credited to me; the amount overdrawn was not charged and was never credited to me. I was never consulted about this, nor about the sale of school lands, or anything else. Mr. Smith and Mr. Gray were in the habit of consulting together about the sales, &c., but did not say anything to me.

Mr. Seaver, my Assistant, never gave any bond at the sale of School lands last fall. Mr. Gleason purchased lands to the amount of twelve or fourteen hundred dollars, which were paid for after the sale by Wm. A. Barstow. They were to be paid for in full Mr. Barstow paid for them by giving his note for $700, and the balance has never been paid. When I left the office, Mr. Kuehn receipted the note as cash; the balance appeared by the books to be paid, but was not paid. A general stub was given, and that was the way it got into our books. *Mr. Barstow did not give the due bill until after the defalcation was discovered.* No part of this money was paid while I was in office. My belief is, that the money due on a great deal of lands sold was never paid, and that the other commissioners and clerks in the School Land Office were interested in the purchase of those lands. I found stubs in my office signed, which were entered on the books, and charged to me, which had never been paid. I succeeded in obtaining the money on some of these stubs, which I paid over to Mr Kuehn, the present Treasurer. I have now some of them in my possession. The certificates had already been issued, some persons came and paid, and this was the first that led me to believe that the lands had not been paid for. When I came back to Madison, in the fall after the sales of all the school lands subject to sale, and before the Legislature met, I asked Seaver where the money was which was paid on the sales of lands. He said it was all right.

But when in January last, I was about to pay over the money on hand to my successor in office, and counted the money, I found it deficient. I asked Seaver where it was. He said they had not paid for the lands. Seaver said he would go and collect some of it. He went out, and was gone a day or two, without going out of town.— He brought back about five thousand dollars.— The money received by me on the stubs which I have before alluded to was paid me by Mr. Byrne, clerk in the School Land Office. I have exhibited these stubs to the committee. The amount paid me by Mr. Byrne, as due on them, was $107,-81. Some of them are dated Nov. 13 and 14, 1855, and some bear no date. I received the money on them some time in Febuary, '56. Mr. Byrne told me that these stubs had been entered on the Treasurer's books and charged to me, but had not been paid. After the sale of 1855, a general stub, including the whole amount of money received, or which ought to have been received, on the sales, and charged over to me on the Treasurer's books, was made out. This general stub included the amount of the stubs now exhibited to the committee. From the fact that the amount of these stubs had already been charged to me, and afterwards paid, I believe that there are others, that never have been paid, which were charged to me, included in the general stub. I have no means of ascertaining the amount of them. While I was in the office, the commissioners were in the habit of enforcing the payment of the penalty, incurred by non-payment of interest, within the time prescribed by law.

Daniel Seaver's Statement. The draft shown me, drawn by John W. Hunt on State Treasurer, October 28, 1855, in favor of Andrew Proudfit or order, and endorsed by him and accepted by E. H. Janssen, State Treasurer, for D. M. Seaver, assistant, for $548.50, payable the 15th of September at "State Bank," is similar to others to the number of some three or four, which were drawn on the Treasurer and accepted by him. Not more than three or four drafts were accepted by me drawn by Hunt. Instances occurred when we accepted drafts, paid the acceptance, and also the appropriation upon which the draft was made, making a double payment. In case of Shoeffler & Wendt we found we had paid twice something like $1100. Also, in case of Finney, $550. We frequently accepted drafts on appropriations when we had no money. We overpaid Andrew Proudfit $1000 on State Prison account. We paid Beulah Brown $3500 on the certificate of the Secretary of State that Brown had done work to that amount, before any appropriation was made to him for the work. Up to the time Janssen went out of office Proudfit had not repaid the $1000. I have spoken to Janssen about the $1100 paid Shoeffler and Wendt. He said be did not think it was so, but was not sure. State officers would sometimes come into the Treasury, take money out, and leave a slip of paper with the amount written on it in anticipation of salary. I think the defalcation in the Treasury has arisen from these practices. School land certificates were signed in blank by the Commissioners to the amount of two or three hundred at a time. This was the practice of the last one or two years. We paid to "Blind Asylum," at Janesville, $2,500 or $5,500 more than the Secretary of State would allow us credit for, because the vouchers were informal. Neither the Governor or Secretary of State ever made any examination into the affairs of Treasury or counted the money. None of the State officers had access to the Treasury, except the Treasurer and clerks in the office. There were two sets of keys to the vaults and safes; sometimes I had one set and Habich one. Besley told me that he was buying land for himself in the name of Daniel Howell, and as he was interested in it we charged no fees. Byrne also entered land in the name of A. McKinnon, and no fees were charged. Dr. Hunt also entered land in the name of Gleason and Robert Chandler. I have seen Chandler assign over certificates to Hunt at the Waupaca sales; only two or three of the lots on which the bids were forfeited were re-offered, and that early in the morning. The School Land Office was separated from the Treasurer's office about two years ago, and the system of signing blank certificates by the Commissioners originated since that time in the Land Office. W. H. Besley, chief clerk of the Land Office, had possession and control of the certificates after they were signed. Mr. Janssen was not consulted by the other Commissioners either about the appointment of clerks, sale of lands, or anything else. Messrs. Smith and Gray held their councils by themselves. Many of these certificates, after being signed and filled out, were put into market, and sold like any other property. Some were sent to New York. I have no doubt but that certificates to a large amount are out, upon which no money was paid into the Treasury. The "due bill" given by Wm. A. Barstow to the Treasurer included the amount due on land sold in November, taken in the name of Peter C. Jones and Wm. H. Gleason, and also included the amount of some slips in the office. These slips are the pieces of paper spoken of above, and were for small amounts of money had at different time by him, upon which were written "Good for $——." The amount being specified on the paper.

James Halpin sworn.—I have been employed eight years about the Capitol as Superintendent of public property. Daniel Seaver had charge of the Treasury Department the most of the time during Mr. Jansen's term of office. Mr. Jansen was not there much of the time. I was in and out of the Treasurer's office frequently two or three times per day. I know Mr. Seaver's habits of life. He was frequently intoxicated. I have seen him in the office attempting to do business when he was too drunk to do it.— On one occasion Mr. Seaver and Henry C. Parker were both in the vault, and both intoxicated and when I looked into the vault they were looking at the money, the drawers were out, Seaver was more intoxicated than Parker. I turned them both out of the vault; locked the vault up, put the key into Dan. Seaver's pocket and turned them out of the office. I took the key of the outside of the door and gave it to Martin, the watchman. Martin told me one morning that Seaver was in the vault at eleven o'clock the night before, and it was his impression that he took money out. Kirk Wicks, who kept a grocery here in town, whose brother kept a "gambling house" in Madison called the "Tiger," told me next day that Seaver the night previous lost eleven hundred dollars in gold in playing at Faro.

Seaver lived extravagantly, I should say above his means. At one time I went to the Treasurer's Office and drew out three hundred dollars, for which I gave to Seaver a voucher, Seaver paid me the money. He had been drinking, and was the worse for liquor. He made no account of the money, and lost the voucher. This was afterwards made right by the investigating committee and the payment was credited to Janssen. Seaver has frequently lent me *money from the Treasury*, for which I would give him a due bill. He was in the habit *of doing this* with others. When Seaver went to attend the sale sale at Waupun last July, I asked him to buy me two lots of School land. He did so, but he sold it on his way home. and I have got the land. Seaver told me that he entered the land and disposed of it. He also told me that he bought land for Martin and sold it again. About a year since, Seaver told me he had two thousand of Stock in the La Cross Rail road, and he offered to sell it to me for fifteen hundred dollars. I was with Seaver in Milwaukee previous to the Ludington purchase. I heard some conversation between Seaver and Ludington about the purchase. Seaver told Ludington that there was a great chance for a speculation. My impression is that Seaver had an interest in the "Bank of the West" to the amount of two thousand dollars, and that he exchanged his stock with Mr. Ludington for the La Crosse Railroad stock. The "Bank of the West" was established I think a short time before the Ludington purchase. I returned on the cars from Milwaukee with Mr. Seaver and Dr. Hunt. Seaver said to Dr. Hunt in my presence, while the cars were stopping at Eagle that the school lands were all sold. Hunt said he was sorry for he wanted some of them Seaver took out of his pocket a paper and showed it to Hunt.— Hunt said "this has nothing to do with School lands." Seaver said it had. It was an assignment of the two thousand dollars of stock in the "Bank of the West." Seaver made his brags that he got this assignment of stock and had made it clean and more too by the "Ludington purchase." Seaver told me that he afterwards exchanged this Bank stock for La Crosse Railroad stock. He afterwards took out of his pocket another paper and showed it to me, which was an application of Mr. Ludington for all of the unsold School Lands.

WHAT THEY ARE GOING TO DO ABOUT IT.—The Buchanier papers, down South, begin to calculate confidently on FREMONT'S election and are already speculating about the consequences. The Washington correspondent of the *N. Y. Delta*, writes as follows:

"It is already arranged, in the event of Fremont's election, or a failure to elect by the people, to call the Legislatures of Virginia, South Carolina and Georgia, to concert measures to withdraw from the Union before Fremont can get possession of the army and navy and the purse-string of Government. Governor Wise is active at work already in the matter. *The South can rely on the President in the emergency contemplated.* The question now is, whether the people of the South will sustain their leaders."

It is not stated what Mr. PIERCE and the South propose to do in the promises, but it is not unlikely that they may try the same game in the U. S. that Ex-Gov. Barstow did last winter in Wisconsin. If so, they will fare even worse than he did.

Three "Shrieks for Freedom."

Iowa, 7,500 majority!
Vermont, 25,000 majority!
Maine, 20,000 majority!
And "more of the same sort" to follow.

Rhode Island Aroused—Immense Demonstration for Fremont.

Special Dispatch to the N. Y. Tribune.

PROVIDENCE, Wednesday, Sept. 10, 1:50 P.M.

By far the greatest demonstration ever known here is going on. The whole of our little State seems to have met together in family meeting.

The Democratic procession last week numbered 46 by actual count. Our to-day is at least 10,000. Half of the old Democratic party are with us in the good cause, and the Fillmore vote will not deserve the appellation of "scattering." J. Prescott Hall presides at our meeting, and Chauncey Shaffer is now speaking.

Gov. Cleveland, of Connecticut, and many other distinguished speakers are present. Fremont will have three votes where Buchanan and Fillmore have one. H.

SECOND DISPATCH.

J. Prescott Hall, Wilson, Schaffer, Underwood, Gov. Cleveland, Stanton and others, have addressed us to-day. Meetings are to be held in all the Ward Huts this evening. Little Rhody has astonished herself.

Democrats admit that it is reasonable to estimate the number of people at fifteen to twenty thousand. H. H.

A Good Time in New Jersey.

Special Dispatch to the N. Y. Tribune.

SALEM, N. J., Wednesday, Sept. 10, 1856.

Dr. Isaiah T. Clawson was renominated to-day for Congress by the Republican Convention of this District. [1st District: Atlantic, Cape May, Camden, Cumberland, Gloucester and Salem Counties. Now represented by Dr. Clawson, who had 1,886 majority over Mulford, Democrat, in 1854. The District gave Pierce 440 majority.] The choice was unanimous, amid the greatest enthusiasm. His majority this time will not fall short of four thousand.

A Mass Convention of ten thousand freemen is now in session. It is the largest gathering ever seen in the District. Set down New Jersey sure for Fremont and Freedom. Fillmoreism is crushed out. J. B. C.

From Washington.

Special Dispatch to the N. Y. Tribune.

WASHINGTON, Wednesday, Sept. 10, 1856.

The Pro-Slavery politicians of this metropolis are greatly alarmed at the shriek for Freedom from Maine. One prominent Southern politician to-day said that Fremont, if elected, would never be permitted to take his seat. One Pierce office-holder whom I met to-day had made a bet that Maine would go against the Republicans by 6 000 majority. The Buchaneers have not read the newspapers for the last two days

JUDGE POTTER NOMINATED.—The republicans of the first congressional district have nominated Judge Potter of Walworth county. The Judge possesses all the necessary qualifications—true as steel—and the real grit. His nomination calls a host of determined friends into the field, and we look for a clear delegation from Wisconsin.— *Janesville Standard.*

Circuit Court—The Grand Jury.

The Circuit Court of Milwaukee County commences its September term this morning; the Grand Jury are summoned to appear at 10 A. M. The list of criminal cases, to be brought before the Grand Jury is by far the largest ever existing in this city and county, and nearly all the arrests have been made and the detections effected by the City Police.

A large number of the cases have been passed upon, by examination, before the Police Court, a course that materially facilitates the Grand Jury in their inquisition.— Some have been purposely adjourned, or continued from time to time, to have the Grand Jury be the first to pass upon them.

A new Judge presides on the bench, whom we trust, for the sake of humanity, and the well settled principles of law, both common and statute, will make an innovation upon some of the practices of permitting admissions, confessions, &c., of criminals, extorted and *squeezed* from them when in jail, to be used as evidence against them on their trials. Statements wrung from an incarcerated citizen, "with the fingers of the catch-poll clutched round his throat" never ought to be used as evidence against him upon a trial.

Many important cases, but one of murder, we believe, will come before the Grand Jury. Cases of crime, of which we have intimations, have been traced out by the Police, and the Grand Jury, during their sitting, will have a fair opportunity of seeing the benefit of an independent City Police, who hold their offices, during good behaviour, free from party influence.

In the town of Lake, Sept. 10th, at the residence of the bride's father, by the Rev. Mr. Keene, Mr. JOHN B HULL to Miss ELLEN C. SABIN, all of the above place.

Wisconsin Fruit Growers Association.

A MEETING of this Association, and Exhibition of Fruit, will be held at Whitewater, in connection with the Wisconsin Farmers' & Mechanics' Club, on Wednesday and Thursday, the 24th and 25th days of September, 1856. All members and others interested in Fruit Growing, are respectfully invited to attend, and bring with them their Fruits and "Notes of the Season," for the purpose of examination, comparison and discussion.

Chills and Fever.

TO THOSE who are afflicted with this disagreeable and baffling malady, we would state, that after years of hitherto unavailing research, a medicine has been discovered which will, in every case, effect a certain and permanent cure of this dreaded disease. It is not a quack nostrum prepared to extract money from sufferers, for the proprietor offers to refund the money if a cure is not effected after following the directions. He is assured by the evidence of hundreds of cures which they have effected, that this medicine is in reality the remedy so long desired in the Western country. This valuable medicine is prepared in the form of a pill, from the bark of a shrub, which has proved to be a perfect antidote to Malaria. They are simple and plain in their nature, powerful and active in their operation, and perfectly harmless to the system, having no other than a specific effect upon the disease which is truly wonderful. Some persons have stated that these pills must contain arsenic, or some powerful mineral, owing to their quick effect in curing this disease. The proprietor would state that he will pay one thousand dollars to any chemist who will find one particle of mineral in this composition.

Certificates of cure from persons of the highest respectability can be obtained by calling at the Drug Store of HENRY FESS, JR., No. 195 East Water street.

N. B. One great recommendation for these pills are, that they only require about five to effect a cure. Enquire for THAYER'S OMEGA PILL, for the immediate cure of chills and fever or intermittent fevers of every description. Prepared and sold wholesale and retail by FRED. W. DR. FITCH's success is due not alone to his ample experience, but to the fact that, regarding CONSUMPTION as both a local and general disease, he treats it as such;—by MEDICINAL and STHENOTROPHIC INHALATIONS, reaching directly the diseased surfaces, while by appropriate internal remedies and general measures, he removes the constitutional taint which gives rise to the local disease.

Basing upon the same principle his treatment of ASTHMA and CHRONIC BRONCHITIS, DR. FITCH has had the pleasure of relieving cases of many years' standing, and and which had resisted all ordinary measures.

In the treatment of other Chronic Affections, and especially FEMALE DISEASES, the employment of Mechanical Remedies, as well as Medicine, gives him a degree of success only to be secured by this combination of remedial means.

Fever and Ague Cured

WITHOUT USING QUININE, Arsenic, Mercury, Opium, or any of the poisonous drugs, or dangerous compounds generally resorted to by sufferers from this long drawn, most afflicting and annoying of all diseases, by resorting to Carter's Spanish Mixture, which contains none of the above deleterious substances, but cures effectually and fully by acting specifically on the Liver and Skin, Purifying the Blood and expelling the remains of old medicines with which the system has been clogged, opening the pores of the body, and allowing nature to assist itself in breaking up the disease, and recuperating its energies.

See the cure of Mr. John Longdon, of Va.; he had fixed and chronic Ague and Fever; chills twice a day for three years. Nothing permanently cured him until he tried Carter's Spanish Mixture, three bottles of which restored him to health; nor has he had a chill since. He is only one out of a thousand who has experienced the life renewing effects of this valuable purifier of the blood.

POLICE COURT, SEPTEMBER 13.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

INQUEST ON THE BODY OF —— BAKER.—An inquest was held upon the body of a woman named Baker, who was found dead in her bed, in the Third Ward, under suspicious circumstances. It appeared that during the night, previous to the *finding of her dead* in the morning, her husband and her were heard to quarrel; on the finding of the body next morning, the husband was seen to leave the building for a Doctor, *denying the death of his wife.* He was arrested by Policeman Rice and equivocated about the matter.

An inquest was held and after a *post mortem* examination had been held by Dr. Nauman, who testified in substance that he held a *post mortem* examination upon the body of Mrs Baker; from that examination he was fully satisfied to determine the cause of her death; there were no marks of external violence, but found signs that showed her to be an habitual drunkard; on opening the body found the stomach filled up *with liquor, but no food in it;* both the intestines and the stomach were in a state of inflammation; *think death was caused by her poisoning herself by the use of liquor;* in other words, came to her death from drunkenness.

The jury returned an inquest in accordance with the evidence of Dr. Nauman; and the husband who had been previously arrested and in jail, was discharged from custody. The husband and the deceased are both English, so we understand, and the woman one of the very worst drunkards in the city, she has met the drunkard's death.

Catherine Martling, charged with being disorderly, was found not guilty and discharged.

Jane Brooks, disorderly, found guilty and fined $5.

COMMON COUNCIL PROCEEDINGS SATURDAY NIGHT.—The Common Council held an adjourned meeting on Saturday night.

A petition numerously signed by some of the first citizens of the city, without distinction as to nationality or creed, was referred to a select committee of one from each Ward. The petition asks a donation of a tract of land to be given for a site upon which the Sisters of Charity are about to erect a Charity Hospital; the tract asked for is not to exceed 3 acres and is to be upon what is called the 40 acre lot of the city, upon which the Poor House now stands, near the North Point.

[We hope the Council will make the grant; such a hospital is needed, and when erected, under no others could it be so well superintended as by the Sisters of Charity.]

An ordinance was passed establishing permanent grades in the 2d and 4th Wards.

A resolution was passed to issue $17,000 city bonds for work done upon the Straight Cut, the amount of bonds to be endorsed upon the contract.

A resolution was passed authorizing and empowering the Aldermen of the Fifth Ward to contract with the 5th Ward Gas Light Co. to light the streets of the 5th Ward with Gas in such places as they may deem advisable, to be charged to the 5th Ward fund.

Report of Chief of Police for the month of August presented. The report shows that during the month 164 arrests have been made by the Police, or more than 5 each day.

Ordinance passed authorizing a market square in the third ward.

Committee on Fire Department in conjunction with Comptroller were authorized to purchase a bell for Engine Co. No. 6.

Alderman Taylor offered the following resolution:

Resolved, That the City Attorney be, and he is hereby instructed and directed to cause to be served upon Peter Yates and S. M. Booth, and any other persons obstructing the free navigation of the Milwaukee River, an injunction restraining them from *obstructing* the navigation of said river. Passed unanimously.

Council adjourned for two weeks.

PENMANSHIP—CARD WRITING.—We saw, on Friday, at Loomis & Hora' Jewelry Store, cor. East Water and Wisconsin St., the most elaborate, complete, and elegant specimen of penmanship, in all probability, ever made. *It is the work of Mr. D. F. Brown,* of New York city and was *got up expressly for* exhibition at the Crystal Palace in 1853, and took the first premium—the Silver Medal. The artist was at work upon it steadily for nearly a year. The picture of the Crystal Palace, and two portraits, one of Sedgewick and the other of the artist himself, are masterpieces of pen drawing.

Mr. BROWN contemplates making our city his permanent residence, and proposes to teach classes in penmanship. His card-writing is elegantly done. He invites the public to call and see his specimens.

MAGIE & SWAIN.—Those who want any description of clothing and who delight in nice fits and tasteful garments, can be accommodated at MAGIE & SWAIN's, who are in receipt of their "Fall fashions," and prepared to work up their rich materials into elegant suits. See their card in our advertising columns.

MACK BROTHERS.—The attention of the ladies is specially invited to the advertisement of MACK BROTHERS in this morning's paper. They are now opening one of the richest assortments of Dress Goods, of all kinds and qualities, ever seen in the West and will sell them at very low prices.

LIVERY.—Messrs. BUTLER & BOWERS' Livery Stable, at the foot of Mason street, advertised in to-day's paper, is one of the best establishments of the kind in the West. The proprietors are both worthy, honest, industrious men and their teams and vehicles cannot easily be excelled.

FIRE PROOF SAFES.—COLGATE Brothers, a well known and highly respected handsome firm, in our city, have become the agents for Milwaukee and vicinity of B. C. WILDER & Co. who are the patentees of the celebrated Wilder *Salamander Safes.* These Safes have stood every test to which they have been subjected and have been found to be burglar, powder and fire-proof. We suggest to the COLGATE Brothers that they left "the Forty" try their hands at picking *them* and if they can stand *that* test, they may safely be pronounced impregnable.

SIGN PAINTING.—We saw at COLLINGBOURN'S, on Main Street, Saturday, a very elegant sign painted by him for his own use, in which the national colors are very skillfully and artistically worked up in the letters and the whole brought out with bold relief. It is a beautiful specimen of art and is well worth looking at.

MUSIC.—Mr. T. B. MASON, at the Milwaukee Piano Rooms, on Wisconsin Street, has a choice selection of Pianos and Melodeons, from the best manufactories of New York and Boston, which he offers for sale at very reasonable prices. Those about to buy a Piano or Melodeon cannot do better than to call and examine Mr. Mason's assortment, as he offers great inducements. See his advertisement, and, for particulars, see himself. You will find him to be an accommodating man, always pleased to show his stock, even to those who may not want to purchase.

ADVANTAGE OF CLEAN WHEAT.—On Saturday, two farmers, of Summit, Waukesha Co., sold to L. J. Higby 1,500 bushels of Club Wheat for one dollar and seven cents per bushel. The wheat, beside being a remarkable fine sample and plump berry, was as clean as a fanning mill could make it. The names of the farmers are Mr. Hinkley and Mr. O. Reed.

REAL ESTATE SALE.—D. P. HULL has sold his residence, on the corner of Cass and Martin Streets, Seventh Ward, to J. H. SILKMAN, Esq., for $20,000. The lot is 150 by 127 feet, and the improvements are handsome and substantial.

FALL AND WINTER GOODS.—Messrs. LEWALD & DANENBAUM, of the New York Savings' Store, No. 11 Spring Street, invite attention to their new and choice assortment of Fall and Winter Goods, just received from the East. They offer tempting bargains.

FALSE ALARM.—The alarm of fire, Saturday night, was caused by a bonfire on the hill in the Sixth Ward.

CALEB WALL.

City Auction Room.

KILBOURN CITY is to be the great Emporium of the western part of Wisconsin. This great city was laid out some twelve months since, being located at the point, on the Wisconsin River, where the LaCrosse & Milwaukee Railroad enters this great and beautiful River. Wisconsin, is capable of furnishing the greatest water power of any river in the United States. There is a dam about being constructed, which will be completed Summer, 1857.

The manufacturing of Lumber, of which over one hundred millions of feet are annually manufactured on the Wisconsin River, will furnish immediate use for the greatest portion of this great water power.

The Wisconsin River abounds with pine forests, which is more extensive than any other river in the West.

The site of Kilbourn City is *magnificent, being* a plain rising from a bluff elevation of 80 feet at the river bank, to an elevation of some 200 to 250 feet, where it meets the table land two miles east of the river. The whole is oak openings, and the land lays beautifully.

The best, purest and softest water can be had by digging or boring. Kilbourn City was laid out, and buildings commenced in Sept. last, since which time some 15 or 20 buildings have been enclosed at a cost of from $1,600 to $8,000 each, and great numbers of others are in progress of construction.

In fact, it would require two columns of one of our daily papers to give an account of the advantages of Kilbourn City. One word is sufficient, and that is this. There has been no city laid out in many years which has offered so many inducements and where capitalists can invest their money so certainly as in Kilbourn City.

Kilbourn City is in Columbia County, State of Wisconsin. You take the cars from Milwaukee to Beaver Dam, where you will find conveyances to Kilbourn City. Maps of said city are ready, and can be obtained by calling at my office.

The terms upon which the property is to be sold, are such as to give all a chance of bettering their condition, and affording the opportunity to all to *become interested* in a city which will and must be one of great importance.

It is impossible to give a full and fair description of Kilbourn City, but one fact is worth knowing, all who go there have a great chance of becoming independent on a very little capital. The Terms of Sale are ⅓ cash, balance 1, 2, 3 years, with 7 per cent interest, payable annually.

For the purpose of encouraging any who intend to build a house in said city, the value of the house to be not less than six hundred dollars, unto such persons or person so building, the second payment will be given as a bonus for said improvement, therefore such persons or person would have no payment to make for two years after the first payment.

The sale will take place in October 14, 15, 16 and 17th, commencing at 10 o'clock in the morning of each day.—Five per cent cash will be required of the bidder which will be deducted from the first payment when the deed is given.

CALEB WALL,

City Land Office.

ON SATURDAY, the 20th day of September next, at 10 o'clock in the morning, I will sell, for the benefit of the children of Gerrit John Prange, deceased, lot 3, block 8, in Sixth Ward of city of Milwaukee. The said property is to be sold for *cash.* The title is perfect, the property is perfect: the property is on Galena Street.

aug29 CALEB WALL, Auctioneer.

City Auction Room.

GREAT EXTENSIVE SALE of all the Machinery, Tools, patterns, Engine, and all and every article of any name use or description whatsoever in the Menomonee Locomotive Works. I will commence selling at public auction on Monday, October 5th, at 10 o'clock in the morning, said articles for cash. The sale will be continued from day to day. This is a great chance for all who are engaged in manufacturing and foundry business to obtain material and machinery at a very reduced price, as the Company is about being dissolved and the business to be closed up. All the papers in the city will please copy the above. In a few days I will have a catalogue of all the articles, which I will have printed and circulated.

ARRIVAL OF THE

ARABIA.

THREE DAYS LATER FROM EUROPE!

BREADSTUFFS EASIER!!

CONSOLS DECLINED!

Halifax, Sept. 13.

The steamer Arabia arrived this A. M., with Liverpool dates of Sept. 4th, being 3 days later.

Breadstuffs were a shade easier *than* at the sailing of the Cambria. Provisions were without change. Consols had declined to 94 3-4a94 7-8.

The Arabia brings 114 passengers. She left Liverpool on Thursday, the 9th, at 11:30 A. M. She has made the run in little over 8¾ days, with detention of several hours off the port on account of fog.

The Collins' steamship Atlantic left Liverpool at 11 A. M., on Wednesday, the 3d inst., with 123 passengers for New York.

The steamship Kangaroo, from Philadelphia, arrived at Liverpool on the 3d inst.

The Atlantic took out a full despatch, but the news was not of much importance.

The London Star says it need not any longer be concealed that the Government of France and England—that is to say Louis Napoleon and Lord Palmerston—are *not on good terms* with respect to Spanish affairs, and communications are understood to have passed between them of anything but a complimentary character, and it may be as well to state that an opinion has found its way to the other side of the Atlantic that England is ready to make every concession in order to maintain the friendship of the U. S., and that this determination has come to in the event of a possible rupture with France.

This improved tone of the London Journals is interpreted in this sense, and that the New York Herald makes much of the logic we have hitherto hesitated to say because these are matters of great importance, and should not be paraded merely for the sake of raising public importance. But as the Paris correspondent of our own papers now begin to talk so much about the matter, reserve must be put aside, and the public should be instructed that while there may be in reality no danger, it is always a serious thing to have our foreign policy under the direction of a premier like Palmerston.

The *Star* further says:—A cotemporary announces that the Central American difficulty is settled satisfactorily by a convention between Honduras and Great Britain. Good news may bear repetition, but then it ought to be news of the satisfactory settlement alluded to at this time. The threatening question was announced five weeks since.

The health of the Emperor of the French undergoes much discussion; that the Emperor has some malady of a dangerous character may be inferred, but its exact nature is concealed from the public.

ITALY.—In Italy discontent is spreading. Alarm is manifested in Naples in consequence of the newly ascertained movement of the Murat party or proclamation at Naples with secrecy and activity.

The ship Kent from Melbourne arrived off Dartmouth on Thursday P. M. with 84000 oz. of gold and dates to the 10th of June. Grade is satisfactory; gold is quoted at £3 17s. 6d. per ounce.

BREADSTUFFS—Richardson, Spencer & Co., report Breadstuffs unchanged and unlimited demand. The weather continues very favorable for agricultural purposes. At the close to effect sales less than the current quotations would have been taken, namely: for Ohio flours at 33a36, Philadelphia and Baltimore 30a33. Yellow and mixed corn 33a33½ white 33½a34. Red wheat 8sa8s for white, 8s9a9 10s for old 11s, for new. The market had undergone no change of moment since the sailing of the Cambria. Lard had further advanced. A sale of 30 tons having been made at 78s. Money market consols however had slightly declined, closing at 91⅞

LATEST—LONDON, Wednesday morning.—The compaign projected by the Russians against the Circassians is indefinately adjourned. The *Times* is offically authorized to declare that a report to the effect that the Portuguese Government has applied to the British for a squadron for the recent riots at Lisbon is destitute of foundation.

LISBON.—Exchange is at 37⅞. The Persian Ambassador at Paris is to proceed to settle the Anglo-Persian difficulty.

NEW YORK MARKETS.

STEAM FOUNDRY!

—OF—

TURTON & SERCOMB,

296, 298, 300, 302 and 304 West Water St.

IS STILL IN FULL BLAST, WORKING DAY AND night to supply the daily increasing wants of the Badger and other States.

In order the better to do this, the proprietors have erected a large brick Foundry in addition to their former premises. They have added to their stock of Tools a large Planing or Shaping Machine, three Lathes, and a Machine for cutting bolts, and are now putting in a Steam Engine of — horse power to drive the whole, thereby adding to the former facilities for the successful carrying on of the Foundry, Machine, Engine and Blacksmithing business. They never were in a better position for doing business, and

in any department.

In regard to the character of the work got up by this

The Oldest Establishment in the State

the Proprietors refer to that in successful operation through the country as their best recommendation, as it can speak for itself. All they can say is, that they are both PRACTICAL MECHANICS, and know how work should be done as well as the next man.

They continue to manufacture FLOUR and SAW MILL GEARING, and STEAM ENGINES, on the most approved principle.

They have always on hand a large stock of BRASS WORKS, such as GUAGE AND CYLINDER COCKS, OIL CUPS AND COCKS, and STEAM WHISTLES. Also TURTON'S FILLS, which they will sell at the lowest cash price.

They are also Agents for EASTMAN'S PATENT STEAM GUAGES, which are well worth the attention of all those who use Steam Engines.

In conclusion, they invite a continued share of the patronage of their old friends, and solicit a call from all those in want of Saw or Flouring Mill Work, assuring them that no exertions will be spared to render the Old Eagle worthy of the reputation it has already gained.

Their motto is, "*Excelsior.*"
